Lead-Safe Certified Training

May 30, 2025

In 2022 the Environmental Protection Agency clarified Lead Renovation, Repair and Painting Program Regulations to require firms (including schools) that perform lead paint renovations must be “Lead-Safe Certified” and cannot rely on contract firm certifications.

Training Opportunity

VSPMA is partnering with CleanHealth to offer “Lead-Based Paint Renovation, Repair and Painting Program:

* At least 20 participants are needed to make this event a success!
